He thanked the Council for their valiant work and wished them future success. The Chairman said that he would respond to the letter with best wishes and thanks for Cllr Nicholls' excellent service to the Council. Councillors joined in expressing their regret to this resignation.

5. PUBLIC PARTICIPATION

Public Participation was held here from 7.03 to 7.06 p.m.

6. PLANNING

Cllr Keeling requested that the following statement be made: 'As a reserve member of the Planning West Committee I will not make a final decision on any planning matter until I have heard all the evidence and arguments'.

a) TO CONSIDER PLANNING APPLICATIONS RECEIVED FROM CORNWALL COUNCIL

PA10/04128 – Mr & Mrs Cox – Higher Redallon, Pengwedna, Nancegollan, HELSTON

Erection of a domestic outbuilding and alterations to access

It was proposed by Cllr Wyvern Batt, seconded by Cllr Best and unanimously resolved to support the application.

W2/PA09/01648/F – Bronzemill Limited – Cornwall Motel, Main Road, Ashton, HELSTON, Cornwall

Demolition of existing motel and associated building, and erection of 18 self-catering units of holiday accommodation
The Chairman asked Councillors for their comments. They were pleased to see that this amended application was now for self-catering holiday lets and felt that this would mean fewer cars than the previous application and that the number of parking spaces would be acceptable. Councillors also expressed approval that granite is to be used on all buildings as are slate tiles. It was agreed to support the applications but to ask that conditions be applied. It was also agreed to request that the application come before the full Planning Committee. **It was proposed by Cllr Greenough, seconded by Cllr Ackland and unanimously resolved that the application, with the following conditions, be supported and that it be requested that the application goes before the full Planning Committee:**

1. An external lighting condition to control light pollution.

2. A condition to ensure that an acceptable sewerage treatment and outfall is in place.

3. A condition to ensure that the accommodation is used only for holiday purposes and not as a main place of residence and that the domestic 'permitted development' right is removed.

PA10/04583 – Mr & Mrs Blowers – The Godolphin Arms, Godolphin Cross, HELSTON, Cornwall

Change of use and conversion of outbuilding to form 2 holiday lets and relocation of public house toilets
Councillors expressed concern that the applicant appeared not to acknowledge in the design and access statement that the building is listed and states that 'this storage building is not listed'. It was appreciated that the holiday lets have now been linked in to the pub business. However, the loss of the pub garden access for families was questioned as it was thought that this should be left as accessible to pub users. The toilets being moved into the pub would, it was felt by some, greatly reduce the floor area of the pub, and so possibly reflect loss of earnings. It was noted that the proposed new windows and doors would overlook the cottage opposite and it was felt that these windows and doors would be, not only inappropriate for a listed building, but that they also would bring neighbourliness into question. Councillors found the principle of holiday lets acceptable but not the design and **it was proposed by Cllr Greenough, seconded by Cllr Higginson and unanimously resolved not to support the application.** The Clerk was asked to highlight Councillors concerns and to indicate that they would like to see the pub garden and as much floor space as possible retained. Councillors stressed that they do not want to see the business disappear.

PA10/04097 – Mr R Abernethy – Gwedna Farm, Gwedna, Godolphin Cross, HELSTON

Extension to dwelling

It was proposed by Cllr Wyvern Batt, seconded by Cllr Keeling and unanimously resolved to support this application.

Cllr Wyvern Batt left the room at this point.

b) TO RECONSIDER PLANNING APPLICATION RECEIVED FROM CORNWALL COUNCIL IN LIGHT OF FURTHER INFORMATION RECEIVED

PA10/03945 – Mr P Rogers – Pengelly Barton Access To Pengelly Barton, Pengelly Cross, Breage

Extension of time for the erection of an agricultural dwelling and installation of a septic tank (Decision notice number PA05/00751/F dated 31 August 2005)

The Chairman read out the additional information received from the Planning Officer in response to the Council's request.

It was proposed by Cllr Greenough, seconded by Cllr Rashleigh and unanimously resolved to support the application for an extension of time. Councillors expressed regret that more information had not been furnished with the application and asked that the Planning Officers, in future cases of reapplication after a period of time, resubmit copies of the original drawings to the Parish Council.

Cllr Wyvern Batt returned at this point.

c) TO RECEIVE REPORT ON THE PLANNING COMMITTEE MEETING OF 17 AUGUST 2010

NR/10/0042/WAS - Haulfryn Group Limited – Praa Sands Holiday Park, Praa Sands, PENZANCE TR20 9TQ

Retrospective application for the installation of phase 1 sewage treatment works and application for phase 2 sewage treatment works to serve Praa Sands Holiday Park

This application had been withdrawn pending further information.

d) TO CONSIDER APPLICATIONS RECEIVED AFTER THE PUBLICATION OF THE AGENDA UP TO 12 NOON ON MONDAY 16 AUGUST 2010

PA10/03446 – Mr S Garrett – The Cottage, Oak Tree Lane, Higher Trescowe, Germoe, PENZANCE TR20 9RT

Change of use of land to private gypsy site to accommodate one static caravan

The applicant has made many applications over the last 10 years or so to work on a barn but having received planning permission has carried out none of the renovations and a completion order had been served. Councillors felt unable to comment and wish to ask several questions, receive replies, then further discuss the application at their meeting on Tuesday 7 September 2010. **It was proposed by Cllr Keeling, seconded by Cllr Best and unanimously resolved that the following questions be asked of the planning officer:**

1. Planning permission was granted for conversion and a completion notice served – what after-action was taken following non-compliance?
2. Is the land still residential from a planning point of view?
3. Has the site been abandoned?
4. Is there evidence to support the applicant's claim to gypsy status, i.e. nomadic lifestyle?
5. If the applicant is in poor health would enforcement action be taken if permission was refused?

6. Is it realistic to expect Breage Parish Council to comment on non-existent images, (not representative of the development area), of how the proposed static caravan would be sited in future?
and that The Clerk was requested to ask the Planning Officer for his views on the application. It was agreed that once the replies have been received they will be discussed at the next meeting and Council's comments forwarded at that time.

9. CONSULTATION ON PROPOSALS TO CAP PARISH AND TOWN COUNCILS

To express views as requested

The Chairman explained that views had to be forwarded to NALC/CALC by 27 August and to the DCLG by 10 September. After discussion **it was proposed by Cllr Keeling, seconded by Cllr Greenough and unanimously resolved that the following comments be forwarded to NALC/CALC and to the Department for Communities and Local Government:**

Breage Parish Council welcomes the proposal to replace the system of centralised capping, thus giving local people a stronger role in determining annual Council Tax increases. However, it is vital that the legislation introduced makes it absolutely clear that the large majority of smaller Parish Councils are protected by a standard de minimus principle that would provide a 'double lock' mechanism. This will act as a safety net for smaller authorities like Breage Parish Council. It was noted that Parish Council Tax increases may appear large in percentage terms even though the absolute cash increase is very small. (The Clerk should also add details of the cost of the election for a Parish Councillor the Parish had experienced and give numbers of the electorate and the number who voted.)

It was felt that, given that the traditional turnout of voters is low, there should be a minimum requirement for voter turnout in the case of a referendum being held.

10. PARLIAMENTARY BOUNDARY E CORNWALL and PLYMOUTH/DEVON

To respond to the Mayor of Saltash's request to send a letter to the Boundary Commission

The Clerk advised that another letter had since been received advising that the Boundary commission would take no evidence on potential proposals at this stage. A letter from a Parishioner had also been received with a request that a copy be sent to Andrew George MP. Councillors had received copies of these letters. The Clerk had e-mailed the Mayor of Saltash to ask where letters should now be sent.

It was felt that Cornwall's geographical situation should be taken into consideration. **It was proposed by Cllr Rashleigh, seconded by Cllr Keeling and resolved with 1 abstention that the Mayor's letter be used as a template to send a letter to Andrew George together with a copy of the Parishioner's letter and also that copies be sent to Prince Charles, Duke of Cornwall and to whomever the Mayor of Saltash advised.**

BREAGE PARISH COUNCIL

MINUTES OF PUBLIC PARTICIPATION DURING THE EXTRAORDINARY PARISH COUNCIL MEETING HELD ON THURSDAY 19 AUGUST 2010 IN THE PARISH ROOMS BREAGE AT 7.00 P.M.

At 7.03 p.m. the Chairman invited members of the public to put forward any concerns they had, or issues they wished to make known to the Parish Council, in regard to any items on the agenda.

Mr Hersee asked if he could make comment about the speed of traffic passing Breage School. Speed gun tests had been carried out here and it was hoped that something could be done to reduce the speed limit from 30 to 20 m.p.h. Because of financial cuts this may not be possible but he wondered if perhaps rumble strips could be strategically placed. The Chairman advised Mr Hersee that Highways are currently looking at speeding and moving speed issues and there would be meeting at Carleen Village Hall sometime in October. The Regional Engineer would be there to look at measures that could be introduced. Parishioners with concerns would be able to raise as many issues as they liked. The Chairman encouraged Mr Hersee to attend the meeting.

Public Participation ended at 7.06 p.m.
