Safe Online Shopping

Dear resident,

Keep your Christmas, Black Friday and Cyber Monday shopping safe

Whether it's getting the Christmas list ticked off, that last minute gift for someone special or a treat for ourselves, most of us will be buying more online this festive season.

It's fantastic being able to take advantage of the convenience, choice and value brought by the internet, but unfortunately it is also a favourite haunt of fraudsters, vying to take advantage of the fact that you have so many distractions in the lead-up to Christmas.

That's why it's especially important to safeguard yourself, your family and finances when you're buying online on Black Friday, Cyber Monday or any other day. Attached is our latest Get Safe Online leaflet providing top online shopping tips, but if you want to find out more you can always visit our website at www.getsafeonline.org

Happy shopping!

From,
The Get Safe Online team
